

### Hand chain hoist model Compact

Capacity 500 - 5000 kg

The Compact is designed and built for quality and safe, efficient operation. The arrangement of the spur gear drive allows a compact unit with very small dimensions. A lightweight hoist with low maintenance – and at economical price.

#### Features

- Low headroom permits optimal usage of available space.
- Two guide rollers and a heat treated load sheave with 4 precision machined chain pockets ensure smooth operation of the chain.
- The construction prevents a blocking and slipping of the hand chain.
- Roller and ball bearings at all rotating parts reduce friction loss and increase smooth operation and efficiency.
- Zinc-plated load chain as standard for added corrosion protection.
- Drop forged suspension and load hooks are made from non-aging, high tensile steel and fitted with robust safety latches.
