

Training

We offer many different training seminars in our training centres in Velbert and Kissing. The centres offer not only product training but also seminars providing up-to-date insider information and a consolidated knowledge in the usage of rope, lifting and lashing practices. Modern communication technologies, hands-on experience and well designed training documentation guarantee a quick and lasting training success. As required all training seminars can also be held at other locations. Seminars on special themes on request.

Training to become a competent person for the inspection of Yale and Pfaff-silberblau hoisting equipment according to UVV BGV D8

According to German laws and standards all hoisting equipment must be subjected to a mandatory inspection at least once a year. The inspection must be performed by a competent person.

In this seminar the participants are trained according to the safety regulations and by hands-on repair to be qualified to perform the safety inspections.

Target group

Members from all industrial areas who are entrusted with the inspection, service and repair of hoisting equipment.

Please note our user instructions at the beginning of each chapter.
